

## Classic fishing knife

Morakniv™ Fishing Classic has been a favorite of fishermen for over 50 years. It has become a classic fishing knife due to the unique manner in which it combines sensation, timeless beauty and function. The blade has a serrated back, and is made of cold-rolled special stainless steel from Sandvik. The handle is made of rose wood. The sheath is made of bright leather and has a heat-embossed trout motif on it. Blade length 125 mm.
