

Outdoor, sports and hunting knives

The scouting knife with its birchwood handle is a classic outdoor knife.

It is available in our Outdoor range right next to the exclusive knives chosen by hunters to suit their personalities, passions and lifestyles.

Morakniv™ Scout 440 – the modern outdoor knife with a plastic handle.

Available in five colors – yellow, blue, green, black or red. Blade of cold-rolled special stainless steel from Sandvik. Blade length 101 mm.

Morakniv™ Classic Scout 39 and 40 – classic outdoor knife with double finger protection and a birchwood handle. Blade of cold-rolled special stainless steel from Sandvik. Available in two blade lengths – 85 mm (39) and 100 mm (40). Bright leather sheath.

Morakniv™ 2000 – a favorite of outdoor buffs as well as of hunters and fishermen. A first-rate, all-around knife with a profile-ground blade of cold-rolled special stainless steel from Sandvik and a patterned high-friction grip. Blade length 115 mm. Green plastic sheath with a flexible leather strap.

Morakniv™ 860MG – the all-in-one knife for outdoor buffs. Blade of cold-rolled special stainless steel from Sandvik. Patterned high-friction grip makes the knife pleasant to hold and easy to handle. Blade length 100 mm. Dark green plastic sheath with a belt clip.

Morakniv™ Forest Exclusive 311 – hunting knife with a laminated steel blade and a handle of hardwood and brass. Blade length 109 mm. Leather sheath.

Morakniv™ Forest Exclusive 345 – hunting knife with a blade of cold-rolled special stainless steel from Sandvik and a handle of hardwood. Blade length 125 mm. Bright leather sheath with a heat-embossed hunting theme from 1955.

Morakniv™ Forest Lapplander 90 and 95 – hunting knives with blades of cold-rolled special stainless steel from Sandvik and a handle of laminated hardwood and brass. Blade lengths of 90 mm (90) and 95 mm (95). Leather sheath.
