

Mora Hunting set 7000 Comfort

A set of three knives and a sharpening steel that are stored in separate plastic cases. The set comes in a practical container with a carrying strap. The container cannot be punctured by the knives. The knives have an ergonomically designed handle with a patterned high-friction grip, finger protection and blades of cold-rolled special stainless steel from Sandvik. Blade lengths are 125, 156 and 161 mm. The sword of the sharpening steel is 178 mm.

Mora Hunting set 3000 Comfort

Set of two knives with a sharpening steel that is packaged in a practical and durable container. The knives have an ergonomically designed handle with a patterned high-friction grip, finger protection and blades of cold-rolled special stainless steel from Sandvik. Blade lengths are 125 and 156 mm. The sword of the sharpening steel is 178 mm.

Mora Beaver Cut

This is a must have kit for your car, boat, snowmobile or backpack. It contains a collapsible saw, Mora Camp Axe and Morakniv™ 860MG.

Morakniv™ Karl Johan – gift box

Contains a Karl Johan mushroom knife and a small mushroom book with recipes. The blade is 55 mm long, and is made of cold-rolled special stainless steel from Sandvik. The ergonomically designed plastic handle is very pleasant to hold. The brush – made from real horsehair – is always easily accessible to brush away debris without damaging the mushroom. Thanks to the practical sheath, the Karl Johan can be hung from your belt or buttonhole, keeping it within reach. Available in red or black handle.
